Designed for today's lifestyle.

Boardwalk Estate offers 40 freehold duplex homes, each meticulously designed to be its own masterpiece. What sets it apart? It's not just the aesthetic appeal, though the architecture, cobbled walkways and indigenous landscaping beautifully blend to create a visual treat. It's also not the security, although that's exceptional too with an electrified perimeter fence and a 24-hour access controlled gatehouse. Boardwalk Estate is the realisation of a vision that combines modern living, nature, and community.

Exterior brilliance.

The neutral tones, blending effortlessly with natural textures like wood and stone, offer a vibe of calm modernity. Each home features a fully automated double garage, an additional visitors parking bay and elegant powder-coated aluminium door and window frames. For those who love the outdoors, the balconies offer fantastic views of the estate. But the real charm? The covered patios, leading out from the main living area and onto a private garden, come with their own braai facility providing a perfect spot for those lazy afternoons.

Interior mastery.

The ground floor is all about open spaces with a lounge, dining area and kitchen. Each kitchen isn't just about style—it's a culinary delight with SMEG appliances (including an integrated fridge), engineered stone worktops and ample space for all your gadgets. There are also plan options that offer you a separate scullery. To keep those winter chills at bay, a wood-burning fireplace sits in the main living area.

Depending on your choice of plan, Boardwalk Estate offers configurations of 2 to 4 bedrooms, each with their attached bathrooms. Bedrooms come with the comforting touch of timber vinyl under foot, while bathrooms boast premium sanitary ware, stainless fittings, and frameless shower doors.
